

COD Leadership Meeting

November 7, 2017

Meeting Participants: Joanie Blamer, Steve Batson, Katie Baxter, Sandy Chapman, Nancy Chin, Stacey Dettloff-Jones, Robert Compton, Randy Estes, LoriAnne Fall, Jennifer Harrison, Karen Hartley, Tiffany Hillen, Marie Jones-Watts, Helen Klingert, Mark Lewis – Chair, Lisa Miller, Crystal Mosby, Amy Murawski, Meghan Perrault, Jennifer Stentoumis, Kathy Swan, Mike Thompson, Deb Willard, Karen Youngs Hartley

Two Administration Changes

- LoriAnne Fall is the new Community Practice and Innovation Section Secretary and will be assisting Mark Lewis with the COD Leadership meetings
 - She will be taking actual meeting minutes
 - LoriAnne's email address is FallL2@michigan.gov
- Improving MI Practices
 - The meeting minutes and materials covered at these meetings will be posted on the Improving MI Practices website under a file for the COD Leadership Team
 - The website address is WWW.improvingMIpractices.org
 - You will need a log-in ID to log on

Co-occurring Treatment for MAT/OTP Updates – Lisa Miller

- Lisa gave an update of the MI / COD Training Pilot within an OTP Setting
 - Mark and Lisa have been working on the pilot since last June
 - The pilot came about after she noticed disconnects in some of the OTPs that she was working with and phone calls from clients of those programs
 - How to manage comorbidity or co-occurring disorders within the confines of a program that is so hyper-regulated
 - OTPs trying to find ways to do administrative discharges
 - In the Opioid treatment world, things are changing rapidly because of the epidemic and because of the Federal legislative desire to make more and more services available
 - Looking at using MI as a platform and building on it with: COD; Recovery Oriented Care; and focusing more on client interaction
 - Working with the Victory Clinic in Jackson and another clinic in Oakland County
 - They decided to give individual specialized support to: front office; medical; counseling; and supervision staff within the clinic instead of as a group because integrating the staff did not work
 - It has been a super exciting process as well as very educational

Co-occurring College – Jennifer Harrison

- Changes to the Co-occurring College for FY18
 - Changes to the COD College; COD activities; and MiFAST
 - There will be a 2-day Co-occurring College instead of the 1-day event
 - Looking at either June or July for the next college
 - Event to have more of a college feel rather than a conference feel
 - Utilizing the courses from last year and building off of them this year
 - Jennifer developed some materials on the changes and emailed them to the group

COD Leadership Meeting

November 7, 2017

- Mark and Jennifer are hoping this committee will help further develop changes for the college
- New topics and core curriculum classes will be added
 - Day one
 - General education courses taking COD to the next level
 - Core curriculum courses in the area you are working in
 - New assessment measurement tools
 - Incorporating an assessment component using some of the access and fidelity tools to help individuals and teams
 - Self-assessment
 - Internal assessment
 - Leading to a really strong work plan
 - Day two
 - Three specialty topics / courses in the morning
 - Afternoon activities to include team self-assessment
 - Trauma informed care assessment tool
 - Brainstorming scores on assessments
 - Commencement
 - Having the general education course presenter follow-up with commencement activities
 - Transcript / certified courses maybe possible
