

Section: Outcomes		OUTCOMES & Teaching Methods What Teaching Methods do you use to meet each outcome? Check all that apply.	Used to meet this outcome? X = TRUE	How are these OUTCOMES met? Describe When, Where, and How learners access information for each outcome.	Score Outcome Met? 1 = Yes	Comments
1. Describe the role of medications within the service delivery and support process.	Classroom/Group					
	Lecture					
	Discussion					
	Skills Practice (including peer-coached practices)					
	Return demonstrations					
	Activities					
	Videos (in support of classroom lecture and discussion)					
	Online Activities					
2. Explain the basics of and know the location of medication policy and procedures.	Other:					
	Classroom/Group					
	Lecture					
	Discussion					
	Skills Practice (including peer-coached practices)					
	Return demonstrations					
	Activities					
	Videos (in support of classroom lecture and discussion)					
3. List medication preparation tasks as applicable to setting and individual needs as indicated in the IPOS.	Online Activities					
	Other:					
	Classroom/Group					
	Lecture					
	Discussion					
	Skills Practice (including peer-coached practices)					
	Return demonstrations					
	Activities					
4. Provide positive examples of supporting independence through medication monitoring.	Videos (in support of classroom lecture and discussion)					
	Online Activities					
	Other:					
	Classroom/Group					
	Lecture					
	Discussion					
	Skills Practice (including peer-coached practices)					
	Return demonstrations					
5. Demonstrate proper documentation related to medication monitoring.	Activities					
	Videos (in support of classroom lecture and discussion)					
	Online Activities					
	Other:					
	Classroom/Group					
	Lecture					
	Discussion					
	Skills Practice (including peer-coached practices)					

6. List pre-administrative tasks.	Classroom/Group				
	Lecture				
	Discussion				
	Skills Practice (including peer-coached practices)				
	Return demonstrations				
	Activities				
	Videos (in support of classroom lecture and discussion)				
	Online Activities				
7. Demonstrate skills of medication set up and administration.	Other:				
	Classroom/Group				
	Lecture				
	Discussion				
	Skills Practice (including peer-coached practices)				
	Return demonstrations				
	Activities				
	Videos (in support of classroom lecture and discussion)				
8. Demonstrate proper documentation related to medication administration.	Online Activities				
	Other:				
	Classroom/Group				
	Lecture				
	Discussion				
	Skills Practice (including peer-coached practices)				
	Return demonstrations				
	Activities				
9. List post-administrative tasks.	Videos (in support of classroom lecture and discussion)				
	Online Activities				
	Other:				
	Classroom/Group				
	Lecture				
	Discussion				
	Skills Practice (including peer-coached practices)				
	Return demonstrations
