

MiFAST Reviewer call notes 1-8-17

Question about TG modifier-as per Jeff W, a modifier may have more than one meaning when used with a specific code. Kathy Haines provided TG with H0039 to indicate pre-admission screen done by ACT team.

Reminder that FG is a great TA resource to help build teams

When visiting a dual ACT/IDDT team use entire tool, when visiting an ACT team, use entire tool as ACT is required to treat COD whether or not IDDT specific

Resend Site list to get additional reviewers

Shared experiences:

- ✓ Lot to cover in a day
- ✓ Too much to focus on when looking at 3 EBP (ACT/IDDT/ Trauma)
- ✓ The better the organization, the better smoother the experience
- ✓ Noted penetration rates and outreach has improved since MiFAST focused on it
- ✓ Concern about protocol (etiquette) when concerning issues arise-bring up immediately? Wait til report? Or schedule a follow up phone call and follow up visit
 - a) Examples: unbundled services billed separately
 - b) Transportation instead of therapy
 - c) Assisting and encouraging independence and growth and step down programs
 - d) Billing for ACT while consumer hospitalized (this is illegal, make sure they know this)
 - e) Saying it in the moment can clear up confusion immediately (example 80% community visits and groups)
- ✓ Develop treatment plans with facilitation skills; seems to have fallen off
- ✓ Information used for training feedback loop
- ✓ Teams needs are at different levels-new or reforming teams versus well established teams have distinct needs
- ✓ Remember this is a visit to help it is NOT an audit; gentle it up: now you have the report, let's go over what you learned
- ✓ Treatment plans should be strength based with the objective to measure consumer goals, clinicians struggle
- ✓ Shadowing in UP good experience, deficit of resources for access for SUD treatment
- ✓ Consultation and TA-great experiences with Jennifer
- ✓ Tami has sent resources back to the teams
- ✓ Process-strategy completed report, schedule meeting w/ staff at agency to go through report together and note few below fidelity, consult coach train; invite them to ??? sit down, look through and id focus areas or find resources to help

A place will be developed on imp to hold helpful TA resources
