

PISC - MDHHS LOCUS MiFAST Project

Jasmin White, Jean Pfaendtner - Project Coordinators

6/3/21, Conference Call

1. Project Coordinator Activities

- All CMHs within the PIHP system will have had at least one LOCUS MiFAST by the end of the fiscal year!
- Bi-annual consultation calls with PIHP LOCUS Leads. Regions are exploring their data capture needs and pivoting their training approach in response to the new 3-hour online training.
- Regional Consultations have been completed with most regions. Next meetings to be held are PIHP Regions 10 and 3.
- Continuing to working on new training opportunities (see below).
- Virtual MiFAST reviews will be offered through 12/31/21 with the hope that the review will be offered based on organizational choice: live or virtual.

2. New Training Efforts

Virtual 1.5-Hour Webinars

We continue to develop and implement new 1.5 hour webinars with a focus on specific issues and skill sets.

- Supervision with the LOCUS: Offered once and is scheduled again for 6/21/21 (Sold Out)
- Competency with the LOCUS: Offered 4/12/21.
- Dimensions in Depth: LOCUS Risk of Harm. Scheduled for 7/12/21 (Sold Out)
- Other webinars are coming. Our goal is to offer one webinar/month. If you have ideas, let Jasmin and Jean know!

LOCUS Training

With a moratorium on live trainings through 12/31/2021, we are planning on continuing to do virtual trainings.

- Enhancing Your LOCUS Skills: 5/18/21 and 8/24/21.
- Quality & Outcome Management with the LOCUS: 5/18/21 and 8/24/21.
- Strengthening Your LOCUS Training Skills: There have been several requests from across the state to have other train-the-trainer options. The LOCUS Consults have developed a 1-day training designed to be offered "live". As a goal for next fiscal year, we are actively looking at strategies for bringing components of this training to a virtual format.
